Brief for Claude: set up the Chapter3 Realty Google Business Profile

From the owner of Chapter3 Realty, 2026-11-12. The owner is asleep while you work. The profile is open in Chrome, signed in as Chapter3 Realty. Work only in that profile.

1. The goal

Make the profile complete, accurate and high-end: every field below filled in exactly as written, the logo and cover photo added, the services added and three posts drafted. Leave a short report at the end (section 8).

2. Hard limits. Stop and leave a note instead of doing any of these.

- **Never** delete the profile, remove an owner or manager, transfer ownership, or add a user.
- **Never** change the business name unless it is something other than exactly **Chapter3 Realty**. Never add a town or words like "best" or "realtor" to the name. Google suspends profiles for that.
- **Never** change the address, the map pin or the address visibility setting, and never change the primary category if it is already a real estate category. These can force re-verification. If one looks wrong, write it in the report.
- **Never** start or answer a verification (video, postcard, phone code), and never enter a password or a 2-step code. If Google asks for one, stop that step and note it.
- **Never** spend money: no Google Ads, no Local Services Ads, no paid offers.
- **Never** upload a stock photo, a photo from the internet, a listing or MLS photo, or another company's photo. Upload only the two images named in section 5.
- **Never** write or ask for a review, and never reply to a review. Replies are the owner's.
- **Never** mention an interest rate, a payment, a loan or financing. Chapter3 does no lending.
- Do not edit any other Google product, website, email or account.

3. Fields to enter or confirm

Business name	Chapter3 Realty (confirm only; see the limits)
Primary category	Real estate agency (confirm; change it only if it is not a real estate category, and note it)

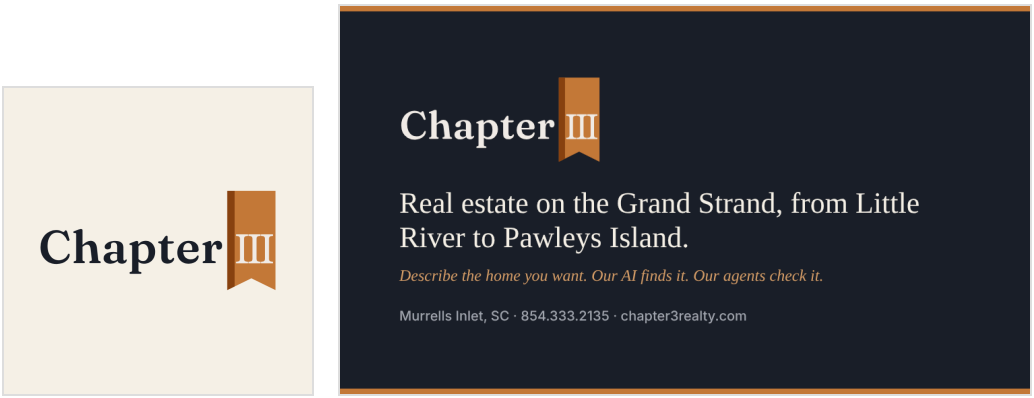

Additional categories	Real estate agent; Real estate consultant
Phone	(854) 333-2135
Website	https://chapter3realty.com/?utm_source=google&utm_medium=organic&utm_campaign=gbp
Appointment link	https://chapter3realty.com/contact/
Hours	Monday to Friday 9:00 AM to 6:00 PM; Saturday 10:00 AM to 4:00 PM; Sunday closed
Service areas (add; do not touch the address)	Myrtle Beach, North Myrtle Beach, Murrells Inlet, Surfside Beach, Garden City, Conway, Little River, Pawleys Island, Carolina Forest, Horry County
Opening date	Leave as it is. If it is empty, leave it empty and note it.
Attributes	Set only ones that are plainly true from this brief (for example, online appointments: yes, through the appointment link). Leave the rest unset.

4. Business description (paste exactly; 650 of 750 characters)

Chapter3 Realty is a Grand Strand real estate brokerage in Murrells Inlet, South Carolina, for buyers, sellers and investors from Little River to Pawleys Island. Our Broker-in-Charge, Tim Nash, has sold real estate here for over 30 years, the third generation of his family in this market. On our website you can describe the home you want in your own words, and Chapter3 AI finds it. Before you offer, our agents get the HOA papers, a rental analysis and an insurance quote. Selling? We show you the price range for a listing and what a cash buyer would pay, side by side, and you choose. Consultations, rental analyses and pricing reviews are free.

5. Photos

Two files are in the owner's Downloads folder: **logo-720.png** (set as the logo) and **cover-1024x576.png** (set as the cover photo). They look like this:

If the files are not in Downloads, skip the photos and note it. Upload nothing else.

6. Services (add each with its description)

Buying a home	Tell us what you want. We find the homes, then get the HOA papers, a rental analysis and an insurance quote before you offer.
Selling a home	A free pricing review. We show you the price range for a listing and what a cash buyer would pay, side by side, and you choose.
Investment property search	We search for homes that rent well and leave out communities that ban renting.
Free rental analysis	The rent, the costs, the cash flow and the return on a home you are looking at.
Vacation rental (Airbnb) analysis	What a nightly rental keeps after the HOA fee, the property tax and the platform's cut, and whether the town and the HOA allow it.
Condo and HOA document review	The bylaws, the budget and the reserve study, and whether an old HOA debt follows the home.
Relocation help	For buyers moving from another state: the towns, the homes and the timing, by phone or video.

Also add one product: **Chapter3 AI home search**, price free, description "Describe the home you want in your own words, and it searches every Grand Strand listing for you.", link https://chapter3realty.com/homes/map/. If a product needs a photo, use the cover image.

7. Posts

Publish Post 1 now. Save Posts 2 and 3 as drafts if the editor allows it; if it does not, write them into the report so the owner can post one a week.

Post 1: Meet Chapter3 AI

Type the home you want the way you would say it to a friend: "a three-bedroom with a pool in Murrells Inlet under $600,000." Chapter3 AI builds the search and reads the listings for you, and the best fits come first. Free, no sign-up.

Post 2: What are Grand Strand homes selling for?

Our monthly market report gives the middle price for houses and condos, how long homes wait for an offer, and how many are for sale.

Button: Learn more · Link: https://chapter3realty.com/market-reports/

Post 3: Thinking of selling?

We show you two numbers side by side: what a listing should bring, and what a cash buyer would pay. The pricing review is free.

Button: Call now · Link: (uses the profile phone)

8. When you finish, write a short report in the chat

1. What you changed, field by field.
2. What you left alone and why (anything that hit a limit in section 2).
3. Anything that looks wrong and needs the owner: name, address, primary category, verification, duplicates.
4. Whether Google shows any warning or "under review" banner.

The owner will add real photos of the team and the office later. Fresh real photos each month matter more than many old ones.
